

Schreyer Honors College London Study Tour  
Possible Itinerary May 2023  
May 8-30, 2022

Prof. Raymond Sage  
Prof. JeanMarie Higgins

*This is a sample itinerary based on previous LST trips. The experience and analysis of theatre and live performance is the primary focus of the class. British theatre organizations do not publicize events/plays or performances more than 3-6 months prior, sometimes merely weeks unlike American theatre. A final show itinerary cannot be formed until Feb or March. Housing and city location can be established as early as possible.*
